JAPANESE ARMY IS REINFORCED

Skirmishes Continue Between Opposing Armies.

CENSORSHIP BEING ENFORCED

Indications Point that Vladivostok Is the Objective Point of the Japanese. Rojestvensky Still In the French Waters.

Gunshu Pass, Manchuria, May 16.—Skirmishing continues in the Oolouria mountain region on the Russian left but the firing is not serious.

Calm continues on the right. The Chinese, however, report Field Marshal Oyama is directing large masses of troops from Fakoman toward Tounziakou, where a concentration is proceeding and the river is being bridged by pontoons. The Lia river is full of junks, which bring up stores and provisions.

About 80,000 Japanese reinforcements have arrived at the front.

The Japanese cavalry in particular has been considerably strengthened.

Prisoners say that the Japanese armies are ready to advance when the word is given. During a recent terrible dust storm which raged three days, the soldiers, tents and entrenchments suffered severely.

The Russian troops are being fitted out with summer uniforms.

Censorship Rigidly Enforced.

New York, May 16.—A dispatch to the Herald from Seoul by the way of Che Foo, says it was rumored last week in the Korean capital that the Japanese recently landed 30,000 troops at Gensan.

Large quantities of military stores have landed recently at Pulcheng to the north of Hamhung. These indications point, the correspondent asserts, to an advance being made shortly on Vladivostok.

General censorship, which of late has been more lax, is again being rigidly enforced.

No More Coal for Saigon.

Tokio, May 15.—Noon.—The government has prohibited the exportation of coal to Saigon. The embargo is to continue so long as the Russian fleet is in Indo Chinese waters.

British Steamer Confiscated.

Nagasaki, May 15.—4 p. m.—The naval prize court at Sasebo has confiscated the British steamer Sylvania.

The Sylvania, a vessel of 4,187 tons was captured on February 20 last bound for Vladivostok with Cardiff coal on board. The place of her capture was not reported at the time.

Rojestvensky at Hon Kohe Bay.

Tokio, May 15.—2 p. m.—It is definitely known that Rear Admiral Rojestvensky, after temporarily leaving Hon Kohe Bay on May 8, reentered the bay and continues at anchor there.

Warships Off Cape Varella.

Singapore, Straits Settlements, May 16.—Thirteen Russian warships were sighted May 12, off Cape Varella, about 50 miles north of Kamranh Bay, by the steamer Jason, which arrived here today.

All Coal Shipments Watched.

Shanghai, May 1[illegible]. The customs officials here now carefully scrutinize all applications for permits to export coal.

Killed Negro with Blow of Fist.

Atlanta, May 16.—J. M. Parks, a storekeeper of 825 Marietta street, last Saturday killed a negro in front of his store, the negro's name up to a late hour not having been learned. Parks disappeared immediately after the occurrence although it was stated by eye witnesses that he was justifiable. According to those who witnessed the affair, Park was heard to order the negro to leave the front of his store. The negro refused, and evidently being intoxicated, offered some impudence to the white man. The latter struck him with his fist and knocked him down. The negro died almost instantly.

JEALOUSY CAUSES TRAGEDY.

Man Kills Woman and Man and Then Commits Suicide.

Memphis, Tenn., May 16.—A triple tragedy occurred here about dusk Saturday night when Thomas McCall, an employe of the Illinois Central railroad, shot and killed Edith Ferguson and Hal Williamson. The murderer an hour later turned the weapon upon himself, firing a bullet into his head.

The shooting occurred on Calhoun street, in the southern part of the city. Edith Ferguson, a woman well known about town, it appears, was in charge of several furnished rooms.

Hal Williamson, who is a brother of former Sheriff Williamson, of Crittenden county, Arkansas, was with the woman a great deal.

McCall, who is also from Crittenden county, Arkansas, is said to have been insanely jealous of Williamson's attentions to the woman. Early in the night he found the two together, and without warning fired on the couple. Edith Ferguson was instantly killed and Williamson sustained wounds from which he died an hour later in a hospital.

May Day Passes Quietly.

St. Petersburg, May 16.—With the Russian May day happily passed without general disorders the authorities breathe easier and are inclined to regard the danger of a really serious interior crisis this spring as over. Turbulence doubtless will continue with sporadic disorders, but the plans of the Social Democrats and Social Revolutionists to produce disaffection among the troops and co-ordinate peasant and workmens' movements for the creation of a state of general anarchy have signally failed. The only place whence acute disorder was reported yesterday was Kishineff, and that was in no sense attributable to the revolutionists.

Served One Church 35 Years.

New York, May 16.—Rev. Dr. Robert S. Macarthur has celebrated the close of his thirty-fifth year as pastor of Calvary Baptist church in West Seventy-fourth street. Great crowds attended the services in commemoration of the day. In his 35 years of service Rev. Macarthur is said never to have missed a Sunday through illness. He will begin his thirty-sixth year by starting an important movement of a missionary nature in this city, plans for which he is now maturing.

Fifty Horses Killed in Fire.

Chicago, May 16.—Fifty horses were killed in a fire early today in the stable of the Atlas Brewing company. The loss on the building was slight. In the barn, a two-story brick structure there were 80 horses, when a small blaze started in the rear of the building. The night watchman ran to the stable and untied as many of the horses as he could before the smoke drove him out. Thus 30 horses were saved.

To Jail for One Cigarette Paper.

Marion, Ind., May 16.—John McCormick was fined $37 by Judge Williams for having one cigarette paper. Being unable to pay, he was sent to jail for 47 weeks. McCormick had been arrested for vagrancy, but when the single cigarette paper was found a charge under the anti-cigarette law was filed.

Structural Workers' Union Meets.

Buffalo, N. Y., May 16.—More than 100 delegates were in attendance when the convention of the Structural Building Trades Alliance of America was called to order today, representing 80,000 wage earners engaged in the building industry. Frank Buchanan, of Chicago, is president of the alliance.

Merchant Kills a Miner.

Birmingham, Ala., May 16.—Wilson Brown, a well known merchant of Dolomite, a mining camp near here, shot and instantly killed Pink Crow, a miner. Family troubles seem to have caused the tragedy. Brown is confined in jail on a warrant charging murder.

Lunatic Kills Four People.

San Diego, Cal., May 16.—Four persons are dead and several others have been injured by a lunatic in the south area section of this city.

CONVENTION WON'T CHANGE THE NAME

Last Day's Session of Southern Baptists At Kansas City.

NEW OFFICERS ARE NAMED

After Adjournment a Number of the Delegates Will Go to St. Louis to Attend a Meeting of Baptists from All Over the Country.

Kansas City, May 16.—This was the last day of the Southern Baptist convention which has been in session here since last Friday. There were three sessions held today at which much miscellaneous business was disposed of. The gathering opened with a devotional exercises, and following this one of the most interesting things on the program was the report of the home mission board, which elicited a good deal of discussion.

Tomorrow most of the delegates will be in St. Louis, where they will attend a joint session of the Northern Baptist convention and the Southern Baptist convention, the first joint gathering of these two bodies ever held. E. W. Stephens, of Columbia, Mo., the newly elected president of the Southern Baptist conference, will preside and Governor Joseph W. Folk is expected to make an address of welcome.

The convention decided, after a lively time, not to change the name of the convention. Judge J. D. Hillyer, of Georgia, chairman of the committee appointed at the Nashville convention last year to bring the matter up, presented a report against a modification of the name. The report was finally adopted and the committee discharged. Judge Hillyer prefaced the report by a statement to the effect that a majority of the committee was opposed to pressing a vote on the proposition to change the name at the present time.

"We deemed the proposed change in name unwise," said he. "The majority of the members of the committee were opposed to any modification of the name. We believed that to secure closer harmony between the constitution and the name possibly some changes might be made in the organization of this body. The committee was opposed to making this recommendation, however, fearing it might result in retrogression."

The report of the committee on nominations announcing changes in the officers of the mission and Sunday school boards, was read. The report as adopted made the following chages among others:

Foreign mission board, Richmond Va., J. B. Hutson, Virginia, president.

Among the vicepresident named is Joshua Levering, Baltimore.

Home Mission Board, Atlanta, Ga. W. W. Landrum, Georgia, president.

Sunday School Board, Nashville Tenn., E. E. Folk, president.

Baptists Plan to Unite.

New York, May 16.—Announcement is made in this city that a general meeting of both the northern and southern division of the Baptist church will be held at St. Louis on May 16 and 17, when the question of organizing a general convention of the Baptists of North America, including Canada, will be discussed. The denomination was separated by the slavery question many years ago.

Crime in Bridegroom's Death.

Waterloo, Iowa, May 16.—The body of Valentine Heinen was found in the Cedar river. It bore marks of foul play. Heinen disappeared several weeks ago. His wife thought that he had deserted her as he left no word. She died a few days ago of a broken heart. They had been married recently.

Rejected Girl Gets Big Verdict.

Pittsburg, Pa., May 16.—Miss Edith Gibney of St. Louis, the "human option," has been awarded $12,950 by the jury in her breach of promise suit in the United States district court against Klause J. Steiner, of Allegheny. She sued for $20,000.

300 MOROS KILLED IN BATTLE.

Fierce Fighting Between Americans and Filipinos.

Manila, May 16.—Fierce fighting has been going on the last two weeks on the island of Jolo, between the outlaw Moro chief, Pala, with 600 well armed followers, and troops under the personal command of Major General Leonard Wood. Pala's losses thus far are 300 killed, while those of General Wood are seven killed and 19 wounded. Pala and his remaining followers, in accordinace with Moro tradition, prefer death to capture.

General Wood, with detachments from the Fourteenth cavalry, the Seventeenth, the Twenty-second and the Twenty-third infantry and constabulary scouts have driven Pala and his followers into a swamp, which has been surrounded.

Pala was a noted slave trader and warrior when the Americans occupied the islands. Later he escaped with his followers to the island of Pula Sekar, near Boneo.

"Veiled Murderess" Dead.

Newburg, N. Y., May 16.—Mrs. Henriettta Robinson, 89 years old, who was known as the "Veiled Murderess," is dead at the Matteawan state hospital here. She was convicted of the murder of Timothy Lanagan and Catherine Lubee in Troy, in 1853. During the trial she wore a heavy veil and said she would rather have any verdict pronounced than to remove it. At the close of the trial she drew the veil for an instant and smiling to the jury again drew it. She was sentenced to be hanged on June 19, 1853. Her sentence was afterward commuted. She was sent to the Auburn state hospital for the insane in 1873, and later transferred to Matteawan.

To Unveil General Forrest's Statue.

Memphis, Tenn., May 16.—An heroic equestrian statue of Lieutenant General Nathan Bedford Forrest will be unveiled in Forrest park on Tuesday afternoon. The unveiling of the monument will be attended with imposing ceremonies. A military parade through the principal streets to the park will be followed by a dedicatory address delivered by General George W. Gordon, and other prominent confederate leaders will deliver speeches. The cord holding the covering about the statue will be unstrung by a little granddaughter of the confederate leader.

Jeffries Quits Ring and Stage.

Chicago, May 16.—James J. Jeffries champion heavyweight pugilist of the world, left Chicago for Los Angeles Cal. It is announced his intention to build a home in that city. Crippled with rheumatism and suffering intermittently from malarial fever, Jeffries says he has put on fighting gloves for the last time, and that he will never again enter the ring. Jeffries, with his brother, Jack, owns several mining claims in Arizona, and to these and to mining in general, Jeffries says he will devote his time n the future.

Groom 72; Bride 64.

St. George, Ga., May 16.—Captain James M. Parker, a veteran of the civil war under Jeff C. Davis, of Indiana, and Mrs. Elizabeth Felshaw, of Ocala, Fla., widow of an old soldier, were united in marriage here by Rev. Thomas F. Drake, of Folkston. The ceremony was performed in the Dr. Osborne brick building on the site of the temporary church quarters. The groom is 72 years of age, and the happy bride is 64.

Fourth Attempt to Wreck Train.

Topeka, Kans., May 16.—An Atchison, Topeka and Santa Fe passenger train was ditched by trainwreckers just east of Emporia. Six passengers were injured, and two will probably die. This is the fourth attempt in the last four months to wreck passenger trains in the same place. Previous attempts were made by piling ties on the track and without serious results.

Aeronaut Narrowly Escapes Death.

Los Angeles, Cal., May 16.—William Morton, an aeronaut, has been severely injured and has had a narrow escape from death at Chutes park by being dashed against a telegraph pole as his balloon ascended. Mr. Morton was rendered unconscious, but being strapped to the bar of the parachute, he did not fall.

CHICAGO STRIKE IS NEARING AN END

Important Meeting Called That May Settle Matter.

STRIKERS APPLYING FOR JOBS.

Meeting of Teamters' Joint Council at Which It Is Hoped that Peace May Be Secured and Great Strike Will Be Settled.

Chicago, May 16.—Influences in the teamsters' joint council at work to halt a general strike movement including all drivers are expected to bear fruit at a meeting of the council tonight and avert a new and greater industrial upheaval here.

Rumors that the executive board of the International Brotherhood of Drivers would meet in Chicago tomorrow, and reports that dozens of strikers have aplied for their old positions at the department stores, sustains a belief among the employers that the end of the strike is not far distant.

A meeting of the joint Livery Men's association is called to consider action in relation to a threatened strike of 2,000 cab drivers who refuse to take their passengers to stores under the union ban. The cab drivers situation is in a balance as the men say they will not withdraw from this, their position when the ultimatum was delivered. The liverymen say they will not withdraw the ultimatum. The result depends upon the determination of the teamsters' joint council tonight.

Before Master in Chancery Sherman hearing of the federal cases continued today, attorneys for the employers working hard to obtain light on the alleged "slugging" feature of the strike, to show that "violence committees" exist for every union during times of strikes and that men are trained for "slugging" work, and employed exclusively for that purpose. It was declared today that if the union men called as witnesses continued in refusal to answer questions, orders citing for contempt would surely follow.

Patrol Wagon Strikes Car.

Chicago, May 16.—Responding to a riot call from policemen who were unable to cope with a mob of strike sympathizers last night, a patrol wagon hurrying at full speed to the scene, collided with a crowded street car, seriously injuring nine persons and bruising a dozen others.

Regardless of the victims of the wreck the assailants of a detective and nonunion workmen, whose actions had caused the appeal for police protection, continued their attack until calls brought a score of policemen, who were compelled to fight their way through the mob attracted by the wreck and riot.

The police used their clubs freely and arrested 15 men who were seen throwing stones or threatening the nonunion men.

Accidentally Killed Her Daughter.

Columbit, S. C., May 16.—While playing the part of a man under the influence of whisky, and trying to kill his wife with a gun, Katie Smith shot her daughter, Lucilla Smith, in the foot. The limb was so badly shattered that amputation was necessary. The daughter grew steadily worse and died yesterday on a plantation about 8 miles from Bishopville, Lee county. At the coroner's inquest nothing was brought out to show that there was enmity existing between the two women, but a verdict holding the mother for the crime was rendered.

Croker's Body Enroute Home.

Kansas City, May 16.—Richard Croker, Jr., accompanying the remains of his brother, Herbert Croker, arrived in Kansas City today on an early train from Newton, Kans., on his way east. On arrival here Mr. Croker went immediately to a hotel. It was said he would have an interview with Chief of Police John Hayes about the case before leaving for New York. Chief Hayes, however, said no arrangements had been made for the interview. It is believed Mr. Croker will start for New York with the body tonight.

PROCEEDINGS OF SENATE AND HOUSE

Many Bills Read But Only a Few Have Been Passed.

THE EDUCATIONAL COMMITTEE

Makes a Desperate Blow at the State Schools—Poor Lo Cut Off on His Toddy—Bill for Relief of General Dickison's Widow Passes House.

Tallahassee, May 16.—The Senate convened at 4 p. m. Monday.

The following new bills were introduced:

Senator McCreary—For the refunding of proportionate license tax by dealers in wines, etc., in counties which have or may be voted dry.

Senator West—To require payment of license tax by non-residents and aliens taking oysters from the oyster beds of this State.

By the joint committee on temperance—To provide manner in which domestic wines, beers and other intoxicating liquors may be sold.

By Senator Gillen—To authorize the city of Lake City to hold an election for the issuance of bonds. Rules were waived and this bill was read the second and third time and passed.

House memorial was, on motion of Senator Crews, substituted for his Senate memorial of the same nature, being a memorial to our Senators and Representatives in Congress in reference to a duty on Egyptian or long staple cotton, and the said memorial under waiver of rules was read the second and third time. A duty of 10 cents per pound is asked. Each Senator and Representative is to be furnished with a copy of this memorial.

Senator McCreary spoke in opposition to the adoption, saying it was in opposition to the Democratic platform.

On the roll-call, Senator Crews, explanatory of his vote, said it was a House memorial, and he considered the House twice as Democratic as the Senate, as there were twice as many members in it.

Senator Wilson said that in 1896 the Democrats almost stole the Populist platform, and in 1900 got almost up on that of the Republicans, and that he didn't want a seat there and would vote no.

Senator Zim and others explained their vote.

The memorial was passed, 14 to 12.

A bill in regard to the prohibition of the exaction or acceptance of rewards by public officers was sent back by the Governor, as containing an error. After some discussion regarding a new bill to take its place, the Senate went into executive session.

On reconvening several local bills were taken up on their third reading and passed.

Senate adjourned until 11 a. m.

In the House.

Tallahassee, May 16—The House convened yesterday at the usual hour.

After several memorials and new bills had been read, the report of Representative Wartmann, chairman of the Committee on State Institutions, was read, making an adverse report on appropriations for the various colleges in the State, and favoring the board of regents and the abolition of certain educational institutions of the State and to create others in their place and stead. Every State school asking for aid was denied by the committee report.

Mr. Wall of Putnam moved that the report be adopted, whereupon a lively debate took place, and after a brief interchange of words it was put on special order for Thursday at 11 a. m.

The following bills were passed:

To fix and establish a legal standard box or crate for oranges.

To preserve otter and beaver in the State of Florida.

To revise the statutes of Florida relating to the record and conveyance of real estate.

To amend law regarding carrying concealed weapons, allowing mail carriers over 18 to carry same.

An amendment to the law approved June 2, 1891, to protect the interest of farmers, planters and others.

An amendment offered by Mr. King of Dade to Senate Bill No 92, by Mr. Hudson, "to punish the sale, gift, barter or exchange of intoxicating drinks to Indians in this State," was adopted and the bill passed.

Mr. Wartmann's bill "for the relief of Mrs. Mary Elizabeth Dickison, widow of the late lamented Gen. J. J. Dickison," was informally passed, Mr. Wartmann being absent.

The House adjourned after several bills had been passed.

Beautiful Lawn Fete.

A most delightful occasion was the lawn fete given by the members of the Periclean Society, composed of the young men students of East Florida Seminary, to the young ladies on Saturday evening. The spacious lawn at the beautiful home of Mr. and Mrs. Phillip Miller was tendered for the event, and the illuminations with Chinese lanterns made the grounds to resemble a beautiful bower.

There was a good attendance and every detail was in perfect accord with the beautiful evening. The supply of dainties to tempt the propensity of all present for these delicacies consisted of several varieties of cake, ice cream, ices and punch, served at intervals, and the evening was charmingly passed.

SECOND ADVENTISTS WILL CONVENE TODAY

Second Quarterly Conference Will be Held in This City.

MANY WILL BE PRESENT

Among Whom Are Expected a Number of Eloquent and Impressive Speakers—Beneficial Session Anticipated. Invitation to the Public.

The Second Quarterly Conference of South Georgia and Florida, Advent Christian Church, will convene in this city this morning, and a great many ministers, elders and laymen representing the various churches throughout the domain, are expected.

The conference will be held in the Advent Christian Chapel, East Main street, N., which will afford ample room. Elder J. T. Butler of Live Oak will preside, while Rev. Joseph Sherouse of Jacksonville will act as secretary of the convention.

There will be in attendance some eloquent speakers, and the visiting preachers will fill the pulpit at various times. It goes without saying that during the conference, which will be in session to and including Friday, some impressive and inspiring sermons will be delivered.

The Christian Advent Church is growing rapidly in strength of membership throughout this domain. A few years ago there was comparatively only a handful when compared to the membership of other Protestant churches; but with an earnestness and willingness this little band has worked to increase and expand, with most gratifying results. The Adventists in Gainesville and suburbs have erected a neat little chapel which would be a credit to any denomination—and it was erected from funds derived largely through donations of its members.

The public is cordially invited to attend these meetings, and an interesting session of the conference is assured.

Juggling With Dynamite

Is no more dangerous than to neglect kidney disorders. Foley's Kidney Cure corrects irregularities and has cured many severe cases after other treatment has failed. It builds up the worn out tissues and restores health and vigor. "I was troubled with kidney complaint for about two years," writes A. H. Davis of Mt. Sterling, Iowa, "but two bottles of Foley's Kidney Cure effected a permanent cure." Sold by J. W. McCollum & Co.

A Tailor's Proclamation.

The art of advertising has reached a high pitch of excellence in these days, but old newspapers and circulars furnish some fetching examples which it would be difficult to improve upon. Fifty years ago a Maidstone (England) tailor made this alluring appeal to the public:

"Neoteric cutting. Coats, trousers and vests, in alamodal style and material, are scientifically constructed and symmetrically adjusted to the anthropological flexibilities, for a thaumaturgically minute, prompt, monetary gesticulation." Then follows the address, where your "commands will be executed with rabdological exactitude and melliloquent courtesy."

Bishop Brooks' Joke.

Some years ago Bishop Phillips Brooks was recovering from an illness and was denying himself to all visitors when Robert Ingersoll called. The bishop received him at once. "I appreciate this very much," said Mr. Ingersoll, "but why do you see me when you deny yourself to your friends?" "It is this way," said the bishop. "I feel confident of seeing my friends in the next world, but this may be my last chance of seeing you."

In the History Class.

"Who set fire to the temple of Diana at Ephesus?" asked the teacher, looking sharply at the boy.

"I—I don't know, ma'am," answered the frightened urchin. "As true as I'm settin' here, I didn't have nothin' to do with it."

Women's Headaches

542 1-2 Congress Street.
PORTLAND, MAINE, Oct. 17, 1902.

I consider Wine of Cardui superior to any doctor's medicine I ever used and I know whereof I speak. I suffered for nine months with suppressed menstruation which completely prostrated me. Pain would shoot through my back and sides and I would have blinding headaches. My limbs would swell up and I would feel so weak I could not stand up. I naturally felt discouraged for I seemed beyond the help of physicians, but Wine of Cardui came as a God-send to me. I felt a change for the better within a week. After nineteen days treatment I menstruated without suffering agonies I usually did and soon became regular and without pain.

Wine of Cardui is simply wonderful and I wish that all suffering women knew of its good qualities.

Mrs. Wilhelmina Snow
Treasurer, Portland Economic League.

Headaches are the danger signals of coming disease. Both men and women suffer headaches, but periodical headache falls only to the lot of women and is the unerring sign of irregular menstruation and bearing down pains. Completely prostrated by nine months of suppressed menses, blinded by headaches and racked with pain Mrs. Snow was made a strong and healthy woman again. Remember with Wine of Cardui no case is hopeless because this great remedy cures permanently nineteen out of every twenty cases and never fails to benefit a case of irregular menses, bearing down pains or any female weakness. If you are discouraged and doctors have failed, try Wine of Cardui, and try it now. Remember that headaches mean female weakness. Secure a bottle of Wine of Cardui today.

All druggists sell $1.00 bottles of Wine of Cardui.

E. F. S. COMMENCEMENT EXERCISES

Will Begin Friday and Continue Until Wednesday Night.

GOVERNOR BROWARD TO COME

He Will Deliver the Diplomas to Graduating Class—Address by Hon. W. K. Zewadski—Commencement Sermon by Dr. W. C. Lindsay.

The commencement exercises of East Florida Seminary, which will begin Friday evening of the present week, will close one of the most profitable and successful terms of that famous institution in its history. For the past few years each season has showed a marked increase and efficiency of the Seminary, until now its reputation as a first-class and modern school, as far as efficiency and discipline are concerned, has spread to every quarter of the country, not confining itself to Florida. Superintendent Jere M. Pound and his able corps of assistants, many of whom have held positions for years, are to be congratulated upon the excellence and thoroughness of the work performed during the past term, and when the time comes for the beginning of the next scholastic year it goes without saying that the barracks and dormitory will be fully taxed from the start. In the school and in its faculty the people of Gainesville and the State feel a pride which is justifiable and pardonable.

The Program.

The program as arranged this year is a most interesting one and is destined to attract not only residents of Gainesville but people and patrons from every section of the State. The exercises will conclude Wednesday evening by the graduating class, when the class will have the honor of receiving their diplomas from the hands of Governor N. B. Broward.

Following is the program:

Friday evening, 8 o'clock, Seminary chapel—Elocution exhibition by Miss Wimberly's class.

Terrific Race With Death.

"Death was fast approaching," writes Ralph F. Fernandez of Tampa, Fla., describing his fearful race with death, "as a result of liver trouble and heart disease, which had robbed me of sleep and of all interest in life. I had tried many different doctors and several medicines, but got no benefit, until I began to use Electric Bitters. So wonderful was their effect that in three days I felt like a new man, and today I am cured of all my troubles." Guaranteed at all drug stores; price 50c.

Peach and Melon Industry.

There is evidently something doing in Florida peaches and cantaloupes this season, as it will be noticed in this issue that The Griffing Florida Orchard Co. are advertising for 100 experienced fruit packers and 200 pickers and field helpers to handle their crop of peaches and cantaloupes this season, which they estimate at about 200 cars.

The Griffing Bros. estimate that they will get seven to eight good crops of peaches off of their orchards and that after the peach orchards become unprofitable they will have eight to nine-year-old pecan groves which will have commenced bearing and make a fine investment in itself. We are glad to have such enterprises as this in our State, and believe that as soon as the people fully realize the importance of the peach industry, this State will ship thousands of crates of early peaches every season.

Victims of a Black Mafia.

Watkinsville, Ga., May 16.—The citizens continue to hold daily meetings at 4 o'clock and will do so until the Holbooks murder is thoroughly sifted down and every guilty party is caught. They have very strong circumstantial evidence against five negroes, the three first who were arrested, Jim Taylor, Sidney Norris and Claud Elder and Rich Robinson and Will Mosely who were afterward arrested.

Against Her Principles.

"Don't you think," asked Mrs. Oldcastle, "that everybody is affected more or less by environment?"

"Yes," replied Mrs. Packenham, "if they're foolish enough to take such things, but I always turn down my glass and never touch it."—Chicago Record-Herald.

If the national government would only stop for a year in sending out a lot of printed matter that finds its way to the waste basket and use the money thus saved to improve the roads, we would have the best pikes of any country on the globe.

It is quite apparent that some preparation must be made to entertain the people who will come to Gainesville next winter. There is an increase in numbers each year, and although our city has grown each year, not much preparation has been made to entertain our winter guests.

The Detroit Free Press, at one time a daily and weekly paper of national reputation and Democratic politics—when subsidized—has been sold to two Republicans and will be used to boom the Senatorial aspirations of William C. McMillan, son of the late Senator McMillan of Michigan. "To what base uses may we turn!"

GOOD ROADS.

The subject seems to have been thoroughly covered in this and other States, yet there is an opportunity for the United States government to come to the relief of the various State governments in aiding this project. If the national government would but build the roads, with the understanding that they must be kept up by the people of the State, it would not require so great an appropriation, and the benefits to be derived might amply repay the people for a little extra work in this line.

In discussing this question in The Washington Post, J. J. Ivins says: "This government has done absolutely nothing to help build roads—the great arteries of such vital concern to the internal commerce of the country and to its religious, educational and social advancement. This government has expended a half billion dollars, nearly, on rivers and harbors. This was the people's money, and it was voted, like the $138,000,000 in aid of the Pacific railroads—not back to the people—but to the few; classes, we may as well say. The Department of Agriculture says one billion dollars would systematically and scientifically highway the entire country. The idea that one-half that sum is a menace to our financial stability won't stand up at all in a country that has already thrown away $800,000,000 in the far-away Philippine Islands. But no one proposes to build a national system of roads out of the national treasury. The good roads bills contemplate co-operation in the full sense of the word between State and Nation. If the government furnishes one dollar the State must furnish one dollar, and so on to the limit of the $24,000,000 provided for in the Brownlow bill."

The government would not mind the sum necessary to pay half the expense of conducting good roads, and in case of it being necessary, to inform the people of the rural districts of an impending danger, good roads might play an important part. They are of vast interest to the rural mail delivery to the farmers, who could control the government, should they unite, so great is their strength of numbers.

The misappropriations of this country would give us good roads all over the land, and as the rural element is the power behind the government, it should be recognized.

A REGULAR POLLY.

The Times-Union gives President Roosevelt a very smooth raking for the many statements he has been making of late, several in contradiction of the other. He has been talking too much, which reminds one of the anecdote of the dog and the parrot.

Polly was on his perch when he saw a dog, to which he whistled and the dog came up to him, when the parrot would yell, "Get out!" and the dog would move away. This was repeated several times, until the parrot got more bold and came off his perch, and when he called the dog the last time he made a dash, caught poll and made the feathers fly. The owner came up in time to save polly's life, but his plumage was in bad shape. He flew up on a chair-back and commenced to take a survey of his dilapidated condition. After a moment he exclaimed: "Too much mouth, polly; too much mouth."

The new Jacksonville charter makes the term of aldermen four years. It would give members plenty of time to "figure."

Deafness Cannot be Cured

by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian Tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are caused by catarrh, which is nothing but an inflamed condition of the mucous surfaces.

The Fatal Germ and Its Remedy Now Facts of Science.

It is the rarest thing in the world for a man to be necessarily bald. No man whose hair is not dead at the roots, need be bald if he will use Newbro's Herpicide, the new scalp antiseptic. Mr. Mannett, in the Maryland Block, Butte, Mont., was entirely bald. CLOSING EXERCISES OF PUBLIC SCHOOL

Hon. S. M. Sparkman Will Deliver Address of Welcome.

A FINE PROGRAM ARRANGED

After Eight Months of Hard and Faithful Work, Faculty and Teachers Will be Given a Breathing Spell During Hot Summer Months.

After a most successful term of eight months, the Gainesville Graded and High School will close on Friday evening with appropriate exercises. The exercises will be held in the commodious auditorium connected with the school and it is needless to add that the program, as has always been the case, will prove exceptionally interesting and entertaining.

Upon this occasion Prof. McIntosh, the principal, has been fortunate in securing Hon. S. M. Sparkman of Tampa, Congressman from the First District, to deliver an address along educational lines. Congressman Sparkman is one of the gifted and most eloquent speakers in the South and those who fail to hear him will miss one of the opportunities of their lives. The address of this distinguished gentleman on Christian Citizenship, before the Methodist General Conference about eight years ago, was a work beautiful in eloquence and pathos and attracted such widespread attention that printed copies of this address are yet in demand. A man of broad and liberal views, he is esteemed for his goodness by all who have the honor to know him.

Altogether the closing exercises of the Gainesville Graded and High School will be a credit to the faculty, to the pupils and to all interested. The program will be published later.

George Evans Lucky.

In accordance with previous announcement in The Sun, the drawing for the free painting of a house by Sternberger & Phillips was held at the store of the firm Tuesday morning at 10 o'clock, and Geo. B. Evans was the lucky one.

This enterprising firm a few weeks ago inaugurated a novel way of advertising their business. They opened a register and invited everybody to inscribe their autograph as often as once a day if they desired. The register lines were numbered, and the firm announced that on May 17th a number would be drawn from a box, the name corresponding on the register to have his home painted absolutely free of cost, the firm to supply all material and workmanship.

Quite a crowd assembled at the store Tuesday morning, having been attracted by the contest. There were 653 names upon the register, and 653 numbers were placed in a box, thoroughly shaken up, and one number drawn. This was 118, which fell to the lot of George B. Evans.

Mr. Evans' friends are congratulating him upon his good fortune.

HOSPITALS CROWDED

MAJORITY OF PATIENTS WOMEN

Mrs. Pinkham's Advice Saves Many From this Sad and Costly Experience.

It is a sad but true fact that every year brings an increase in the number of operations performed upon women in our hospitals. More than three-fourths of the patients lying on those snow white beds are women and girls who are awaiting or recovering from operations made necessary by neglect.

Every one of these patients had plenty of warning in that bearing down feeling, pain at the left or right of the womb, nervous exhaustion, pain in the small of the back, leucorrhœa, dizziness, flatulency, displacements of the womb or irregularities. All of these symptoms are indications of an unhealthy condition of the ovaries or womb, and if not heeded the trouble will make headway until the penalty has to be paid by a dangerous operation, and a lifetime of impaired usefulness at best, while in many cases the results are fatal.

The following letter should bring hope to suffering women. Miss Luella Adams, of the Colonnade Hotel, Seattle, Wash., writes:

Dear Mrs. Pinkham:—

"About two years ago I was a great sufferer from a severe female trouble, pains and headaches. The doctor prescribed for me and finally told me that I had a tumor on the womb and must undergo an operation if I wanted to get well. I felt that this was my death warrant, but I spent hundreds of dollars for medical help, but the tumor kept growing. Fortunately I corresponded with an aunt in the New England States, and she advised me to take Lydia E. Pinkham's Vegetable Compound, as it was said to cure tumors. I did so and immediately began to improve in health, and I was entirely cured, the tumor disappearing entirely, without an operation. I wish every suffering woman would try this great preparation."

Just as surely as Miss Adams was cured of the troubles enumerated in her letter, just so surely will Lydia E. Pinkham's Vegetable Compound cure every woman in the land who suffers from womb troubles, inflammation of the ovaries, kidney troubles, nervous excitability and nervous prostration.

Mrs. Pinkham invites all young women who are ill to write her for free advice. Address, Lynn, Mass.

ONE CAUSE OF ILLNESS.

Ridiculous Fads That Spring From a Smattering of Knowledge.

A famous physician upon being asked recently what is the chief cause of ill health replied: Thinking and talking about it all the time. This ceaseless introspection in which so many of the rising generation of nervous folk indulge is certainly wearing them out. When they are not worrying as to whether they sleep too much or too little they are fidgeting over the amount of food they take or the quantity of exercise necessary for health. In short, they never give themselves a moment's peace. Our grandfathers did not concern themselves with these questions. They ate, drank, slept, as nature prompted them. Undoubtedly they were healthier in mind and body for their sublime indifference, and if we asked ourselves fewer questions we should have less time to analyze or imagine ailments.

That medical science has made remarkable progress in the last few decades cannot be denied. The fault for some present day undesirable conditions lies not with the doctor, but with the patient. There has been too great a tendency on the part of the laity to acquire a smattering of medical knowledge through the reading of so called "health" magazines and pamphlets and to put into practice on their own account that "little knowledge," which, it cannot be denied, is a "dangerous thing." The following of some most ridiculous fads along the lines of eating, drinking, sleeping and exercise has assisted in swelling the mortality statistics. Our grandfathers would hold up their hands in horror at many of the foolish things we do in the name of "health." A little more of the comfortable nonchalance of our healthy ancestors would do no harm to the rising generation.—Housekeeper.

Where Wealth Is Wooden.

At Goumbi a man's wealth is reckoned first by the number of slaves he owns, next by the number of wives and then by the number of chests, empty or otherwise, he possesses. To give security to these chests, locks of American make are in great demand all over the country, and keys in large numbers are worn by the natives as the outward symbol of abundant property, though it is quite likely that many of the chests are entirely empty.

SANTA FE SECTION SHIPPING POTATOES

The Crop is Estimated at Lowest One Thousand Barrels.

FIRST SEASON A SUCCESS

As Far as Production is Concerned, but Prices Are Low—Melon Prospects Bright and Growers Happy—Other Santa Fe News.

Santa Fe, May 16.—The Union Singing School Convention will meet at Sardis Baptist Church, one and one-half miles north of Worthington Springs, on the fourth Sunday of this month. All are cordially invited to attend. Dinner will be served on the grounds free to all.

The crop prospect remains good, but are suffering for the want of rain.

The potato crop is being moved now at the rate of a car per day. The yield is good. The Williams Company claim a yield of fifty barrels to the acre. There will be three thousand barrels from here this season. This is the lowest estimate yet made. Prices we are sorry to say are not satisfactory.

The melon crop bids fair to be a record breaker here. The vines are healthy and are beginning to put on young melons.

Miss Alma Blitch of Santa Fe and her little niece, Jewel Godwin, of Rex, left for Gainesville Sunday. They will be the guests of Mrs. J. M. Rivers for a week.

Santa Fe river is very low. The young nimrods are taking the time to catch fish, which they get in abundance.

Capt. Lafayette Matthews of Bland visited relatives here Sunday. He is one of the most progressive farmers and business men in the county.

Growing Aches and Pains.

I have used it on my little girl for growing pains and aches in her knees. It cured her right away. I have also used it for frost bitten feet, with good success. It is the best liniment I ever used." 25c, 50c and $1.00. Sold by W. M. Johnson, Gainesville, Fla., and J. C. Bishop, Alachua, Fla.
